MAKE IT YOURSELF!

SMILE-WORTHY EMOJI WREATH

YOUR ROOM WILL SCREAM "OMG"
WITH THIS EXPRESSIVE DECORATION!

WHAT YOU'LL NEED:

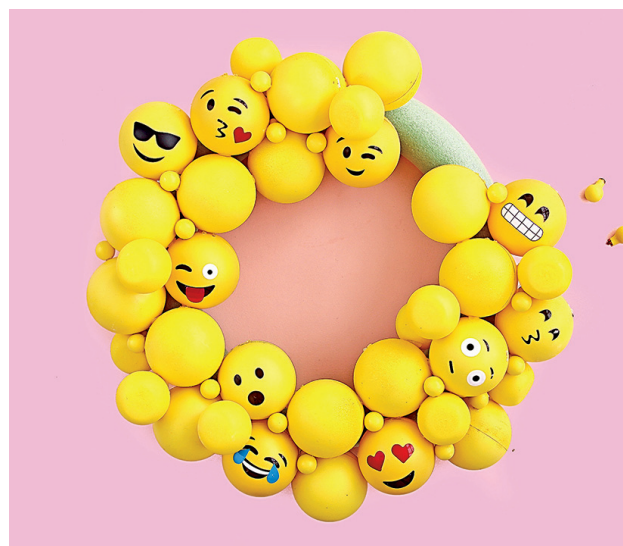

- * round ornaments in assorted sizes
- * ping pong balls
- * black, white, red and blue paint pens
- * yellow spray paint
- * hot glue gun
- * foam wreath (or pool noodle)
- * twine

HERE'S HOW TO DO IT:

- 1 Paint your ornaments and ping pong balls with a coat of yellow spray paint. Allow to dry overnight.
- 2 Time to have fun! Draw your favorite emoji faces onto a few of the larger ornaments using paint pens. Allow them to dry for 15 minutes.
- 3 Then, take a hot glue gun and begin attaching each ornament and ping pong ball to the foam wreath. We suggest starting with the larger ornaments and then using the smaller ones (plus your yellow ping pong balls!) to fill in any empty spaces.
- 4 Once done, show off your handiwork by hanging it up in your bedroom or on your door with twine.

Get started! If you don't have a foam wreath, use a pool noodle. Cut it in half and glue the ends together.

Keep going! Moving outward from your starting point, glue the ornaments and ping pong balls, leaving no space.

Hang it up! Now, pick the perfect spot to display it. If any ornaments fall off, just reattach with more hot glue!
