Mostly B's GLAM BECAUSE YOU'RE BOTH TRENDSETTERS!

You love to go shopping together — especially in each other's closets! So naturally, you'd incorporate your shared great taste in style into your future dorm room. Get the look by decorating with chic, black and white comforters, throw pillows that have cheeky slogans, a lipstick wall print and a faux fur rug. Just make sure to save enough storage space for all of your clothes!

Mostly C's

COZY BECAUSE YOU'RE BOTH CARING!

No one ever has anything bad to say about you and your BFF because you two are the sweetest! To match your big hearts, you two should deck out your future dorm room with pastel colors, like gray and light pink, and include lots of other cozy touches. Then, hang a few of your favorite personal items on the wall, and this comfy, cute space will make both of you feel right at home!

Mostly D's BEACHY BECAUSE YOU'RE BOTH SUPER CHILL!

It's no surprise that you and your BFF's dream vacation spot is the beach — it totally suits your laid-back, no-drama attitudes! Your future dorm room should reflect that same happy and calm vibe as well, which is why crisp bedding in soft blue and white hues is the perfect dorm decor match for you both to dive into.
